

2024 Championship Culture Coaching Clinic at Batesville High School

In this fast-paced world, culture and support have never been more important for our high school athletes. They need us, their coaches, more than ever. We're not just here to improve their game but also to serve as solid role models and to provide much-needed support. Our roles transcend beyond the field or court, impacting our athletes, our schools, and our communities profoundly. An impactful culture is usually a championship culture in sport and in life.

**CHAMPIONSHIP
CULTURE
COACHING CLINIC**

DATE: September 21, 2024
