“Coach Staggs has been an invaluable asset to Martinsville High School for nearly 30 years. In his roles as Assistant and Head Boys’ Varsity Basketball Coach here during those years, the teams have found not only success “on the court” – but also “off the court” – building young people into successful and valuable citizens in our society and lifelong treasure relationships. He has dedicated his life to the School, its Students, and our Community – a true blessing for “Artesian Nation.” Coach Staggs will continue to serve as Athletic Director at Martinsville High School and will continue to run the epitome of a “First Class Operation.” The School and Community are blessed by his past and continued service to Students, School, and Community,” stated Jeff Bell, Principal at Martinsville High School
